# Oval Eco Street Bowls

Sustainable Solutions

PUL18021

This bowl is ideal for street food traders and caterers serving food-to-go options such as noodles, curries, pasta, burritos, salads, etc.

Our pulp products can be composted in conformity with regulariton EN 13 432.

## Market Trends

- **Increasing demand** for **sustainable packaging** solutions
- **Eco-friendly packaging emphasises the sustainable image** of quick service restaurants
- Foodservice players are looking for packaging that gives a **local, artisanal, seasonal, ultra fresh** look to the prepared foods
- Consumers expect **"greener" foodservice packaging**

## Added Value

- **The best lid fit** in the market
- Designed to **grab and eat** on-the-go
- **Fits perfectly into** a standard **take-away paper bag**
- **Recycled PET lid with easy labelling feature**
- **Leak resistant**
- **Excellent stackability**
- **No taste transfer**
- Bowls are certified **COMPOSTABLE**
- Base: temperature resistance is from -10°C to +120°C
- Lid: temperature resistance is from -40°C to +54°C

## Easy to Grab & Go

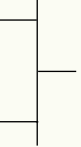

## Easy Labelling
