## THE KRAFT COLLECTION

Sustainable packaging that delivers

The high demand for off-premises dining coupled with a strong desire to minimize environmental impact has driven the need for sustainable packaging solutions. In fact, eco-friendly packaging is one of the top priorities for foodservice operators.

Sabert's Kraft Collection of corrugated and paperboard food packaging solutions is made with a variety of materials which are recyclable and have post-consumer fibre content. Plus, its sturdy construction ensures food is properly insulated and protected during transport.

With Sabert's Kraft Collection, you'll help save energy consumption and reduce landfill-destined waste, while making a positive impression on guests with recycled-content packaging that doesn't sacrifice on strength or performance.
