

The FastPac logo is located in the top left corner. It features the word "FastPac" in a stylized, bold, orange font with a black outline. A small "TM" trademark symbol is positioned at the top right of the "c". The logo is set against a white background that is part of a larger image showing food containers.

FastPac™

The background of the entire page is a high-quality photograph of food packaging. In the foreground, a black square container holds a sesame seed bun burger with visible layers of lettuce, tomato, cheese, and meat. In the background, a clear plastic container holds another sesame seed bun. The containers are on a dark, textured surface, and some sesame seeds are scattered nearby.

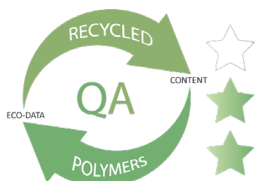

Hot and Microwaveable Solutions

The **best performing** range of **recyclable** and **microwaveable** solutions for delivered meals

A DURABLE SOLUTION THAT MAKES YOUR HOT FOOD
LOOK GREAT IN ALL CIRCUMSTANCES

Made from advanced materials, Sabert PP Fastpac products have the perfect thickness to ensure the best rigidity as well as leak-proof transport of food in all delivery conditions.

BQA_QA-CER_C_2021877

Sabert EU guarantee above 30% recycled PP content in our products. This is certified according to QA-CER recycled content.

Fastpac containers contain 30% of an organically sourced mineral Talc: 30% less plastic

The mineral offers improved performance :

- increases thermal stability and barrier effect
- brings excellent strength and stiffness
- gives higher heat insulation

Sabert confirm its zero waste policy with fastpac, as 100% of our internal PP waste are reused to produce new fastpac trays and lids

Sabert helps increase your profits and customer loyalty with durable packaging that can be reused many times by the end consumer, who can put the product in their dishwasher.

* Fastpac solutions can be reused after minimum 20 passages in the dishwasher (temperature 55°C, rinsing 65°C) according to NF EN 12875-1:2005-11)

Fastpac also available in natural colour

For a more natural and eco-friendly look, consumers will undoubtedly also enjoy our NEW "Natural Colour" Fastpac trays!

- > Natural colour (no carbon black)
- > Fully IR detectable (can be identified in recycling facilities)
- > 100% recyclable
- > Offers the same unique benefits as the other reusable Fastpac products

THE BEST PERFORMING RANGE FOR DELIVERED HOT MEALS

PERFECT FOR HOT & CHILLED FOOD:

» 100% microwaveable lids and trays, to reheat food directly in the packaging

» Performs under heat lamps (typically at 90°C up to 4h max)

Well **SUITED FOR COLD FOOD** too, and can be refrigerated*

* weakened impact resistance can occur at temperatures below zero

SECURE LOCKING SYSTEM & HIGH QUALITY advanced materials perfect for long term storage, transport and reuse

LEAK RESISTANT for easy, mess-free transport of food thanks to resistance to water, heat, grease, oil and very strong lid fit

CONVENIENT: Easy to store, to fill, and to stack to ensure space saving and transportation facilities

TABLE READY: outstanding design and quality ensure excellent food presentation from the restaurant to the end consumer table

MULTIPLE OPTIONS:

Available in different shapes and sizes to meet all needs, from appetizers, entrées, side dishes, and soups to complete meals
